Hi All (FYI to Jayne, Allison, Don, Chris), a few things:

1. I've finished grouping and summarizing comments, so please review and edit them by July 24. I'll have the second draft out to you with everyone's comments so we have a working version for our meeting on July 28. Please reply to all when you finish your edits. I suggest looking over your comments and seeing whether I captured them well enough in the summarized, group comments. Take a look at the word document for the grouped comments and the XL spreadsheet which breaks out the comments by category in each tab. I'm around tomorrow so if you have questions, feel free to let me know.
2. Tetrtech did a nice job of reviewing the references we compiled. I have a couple of more to add, but check it out if you're interested. (Scroll down to pesticides section.)
3. I talked with the R10 Pesticides Unit and Dirk about some background on the HQ perspective on the pest litigation. Gabriela Carvalho and Linda Liu are following up on some specific questions I had.

So again, I'm Ex. 6 - Personal Privacy so feel free to let me know if you have questions. In the meanwhile, thanks very much for looking this over, and I look forward to seeing your comments and edits!

Thanks,
Jenny
